

## **A Typical Day at Bee Haven Day Camps During Covid-19 Period**

*Bee Haven observes Covid-19 Public Health Guidelines (subject to change based on directives)*

*Summer field trips will be subject to public health guidelines (subject to change based on directives)*

- Children arrive between 7:00am and 9:30am; quiet individual activities are set out by staff for morning activity. Bee Haven staff also use this quiet time to perform extra cleaning procedures as referenced by Vancouver Coastal Health guidelines
- We ask all parents to drop off by 9:30am at the latest
- At approximately 9:30am we serve the entire group a healthy morning snack, prepared by Bee Haven staff, in accordance with the Canada Food Guide
- After snack there is circle meeting (where children are spaced apart 6 feet), in which all the kids come meet with the staff and talk about the days plan, and about our rules and expectations. This is also a time when ice breakers, and get to know you “name games” would be played (these are limited to games which can be done sitting spaced apart)
- Each days unique programming begins at approximately 10:00am, children are prepared for the days field trip or given instructions as to what will happen next
- This preparation includes, getting on appropriate clothing (Yellow Bee Haven Shirts will be given to each child attending to keep and bring with them each day), sunscreen (Parents are asked to apply before drop off in the morning, and if not, children will be encouraged to apply, or staff will assist wearing gloves), and reminding all children to bring their backpack/lunch
- We use our feet to walk to local parks or we take a hired school bus to our day’s destination. During Covid-19 we will only be walking to local parks, using the ‘walking school bus method described in Bee Haven’s Policies & Procedures Manual.
- When we reach our destination, we always go over safety rules, such as boundaries (using cones to mark them out), put the children into buddies/leader led groups, and give instructions as to what to do if they are separated from our group
- A Bee Haven staff will check the boundary area, and washrooms for dangers upon arrival (We will carry our own hand sanitizer, hand soap, and paper towels for use Bee Haven children’s use)
- We usually have lunch at our field trip location, at approximately 12:00 noon, but this can vary depending on factors such as our arrival time. Children will wash hands before and after snack using Bee Haven soap/paper towels.
- Sunscreen is re-applied after lunch, and children are checked off that they have applied sunscreen before they are allowed to play again
- We leave our destinations at varying times depending on the distance away from home, but generally look to be back at the Centre by 3:00pm each day
- There is an afternoon snack served by Bee Haven between 3:00 and 4:00, this snack always includes fruit and vegetables, as well as a main course
- After 4:00pm, there is another craft put out, outside time, or leader led games and activities, as children begin to get picked up
- Evening Camp continues until 6:00pm, when we close for the day. End of day cleaning procedures are executed between 5:00-6:00pm.
